Monterey Park Location NOW Open

We are both proud and relieved to announce our re-opening of the Monterey Park location!

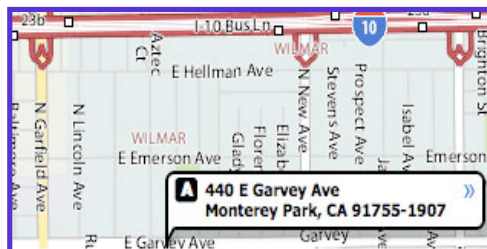

**440 E. Garvey Avenue,
Monterey Park, CA 91755**

The new AMALC in Monterey Park is between Sierra Vista Street and N. Alhambra Avenue on Garvey Avenue, opposite of Tak Shing Hong.

As you know, it has been a long and difficult journey to opening a school. We would like to thank you all for your patience for our opening.

We have 3 classrooms, a computer listening area and a large play area for our students!

Mr. Jeremy, the Director for our Monterey Park center will be overseeing the students' progress.

A Full Cabinet!

We also restructured our reward points and system hopefully to give our students more incentive and encourage them to try harder in their studies.

With the restructuring of the reward points, AMALC bought a lot of quality prizes for both boys and girls.

If there are other prizes that you think our students will love, please let us know.

Summer Program

We look forward to offer to our AMALC families, an abacus summer program filled with brain enhancing activities.

Please look out for our summer program announcement!
